## 100% of Frey shopping centres in Europe are open

**Frey, Europe's leading real estate company for open-air shopping centres, announces the complete opening of all its shopping centres in France and Europe.**

With the reopening of Algarve Shopping in Portugal last week and Parc Vallès near Barcelona at the beginning of this week, all of the group's assets in Europe are now reopened.

At the time of the full reopening of its French sites on May 11th, Frey implemented strict health rules to welcome its visitors-shoppers in complete safety (distribution of hydroalcoholic gel and masks, floor marking, customer flow signage), measures also applied at its Spanish and Portuguese sites.

Thus, after many weeks of confinement, the Frey teams are happy to once again offer their visitors friendly places that are perfectly adapted to the sanitary constraints in force.

In addition, work on the two Shopping Promenade sites under construction in Strasbourg (67) and Claye-Souilly (77) has been under way for several weeks.
